

ECLIPSE Chair

Designer: Andrea Bonini

Year: 2018

DESCRIPTION

Plays of light and shadows in a balanced dance which captures the gaze and imagination, just like Francis Giacobetti's female figures, elegantly dressed in nothing more than sheer colour contrasts. A chair featuring a linear and graphic design, defined by the enveloping back spaced from the seat, wrapping the seat to give comfort and lightness. Eclipse chair is available in leather or fabric.
